## Second Generation (Children)

2. **Karl Albert PETTERSSON** (*Henrik<sup>1</sup>*) was born on 22 Sep 1858 in Marstrand, G&B, Sweden and died on 10 Mar 1926 in Marstrand, G&B, Sweden.

They married and made their home on the island of Marstrand, outside Gotenborg. My grandmother Marion said on tape 1990, that Carl was a fisherman, maybe a captain. Henry and Agnes Pettersson (Peterson in the US) came to Maine 1903 in their teens, leaving Sweden 29 July 1903 on the ship Rollo, destination Grimsby. Erik left Sweden 31 March 1908 to Maine. Agnes stayed in Farmingdale Maine. We still have the large portraits of Agnes' parents Carl and Johanna, that she brought with her from Sweden. Henry and Erik went to Chicago and enlisted in WW I. Marie went direct from Sweden 22 Sept 1922 to Chicago. I found relatives of Josef in Sweden and they also know nothing more about them. We also have photos of Erik and Henry. Karl & Johanna both had brown hair.

I have many ancestors of these families researched by SLC Swedish researcher Tim Vincent in the 1980s. My grandmother, Marion (Boudway) Rhoades (dau of Agnes), says that Henry, Agnes, and Erik came to Maine and were greeted here by their Uncle Julius Gross; Julius had a son Fred. Agnes did not know a word of English; she just had a name tag saying where she was going. Julius taught her (and the boys too, I presume) to speak English by ignoring her if she spoke Swedish. They also had two aunts who came to Maine. Hedwig Gross b 1857 m Gideon Pond. Emily Augusta Gross b 1867 came to the US in 1886 and married James Bailey. The Baileys have continued contact with the Gross family in Sweden and wrote a book.

Karl married **Johanna Malvinna GROSS**, daughter of **Carl Ludvig Lorenz GROSS** and **Emilia Augusta BORJESSON**, on 22 Jan 1884 in Orgryste, Goteborg, Sweden. Johanna was born on 24 Jun 1855 in Orgryste, Goteborg, Sweden and died on 7 Jan 1908 in Marstrand, G&B, Sweden.

Mtdna branch is U2e. Haplogroup U2 arose in the Near East about 45,000 years ago. Today, most of its branches (U2a, U2b, U2c) are concentrated in southern and southwestern Asia, with the exception of one – the U2e haplogroup expanded into Europe about 35,000 years ago with some of the first humans to inhabit the continent.

Address in Maria's songbook for Henry left behind in Sweden was 2728 Sheffield Ave, Chicago. However Maj Fihn in Sweden said that her mother's last letter to Maria in Chicago came back "addressee unknown". Note: I thought I had found Henry through the SSDI death index, with a Henry Peterson born the exact same day 16 Oct 1883 who died 23 June 1983 in CA, but it was no relation. Henry Julius Peterson registered for WWI Sep 12 1918 in Chicago. His address is as stated above, born Oct 16 1883, naturalized b Sweden, cabinet maker at Decker Bros, 1227 Miller in Chicago. Wife Hulda Peterson. He was medium height and build, blue eyes, brown hair. Not found at all in Ancestry census index.

Agnes came to America in 1903 from Marstrand Sweden, sponsored by either her uncle Julius Gross or uncle Gus Koenig. We have photos of Gus. She didn't speak a word of English, and she was taught by being ignored unless she spoke English, even asking for food at the table. She was told, you are American now, you speak American.

I have a leather postcard of Boston Public Library sent in May 1906 to Miss Agnes Pettersson, 38 Pleasant St, Gardiner ME, by "Hattie". Nana/Marion said that Agnes lived in Gardiner (Lincoln Ave?) as a nanny/housekeeper for the Peasley family in Gardiner before marriage. She would often visit her Aunt Emily Gross Bailey. Elsie Reeck in her book says, Agnes loved to dance, so she met a nice man at one of the square dances in the Grange Hall and married him (Frank Boudway). So now both would come to the farm. They liked to play cards, whist and hearts.

Genetic tree: 5'3" wt 125; brown hair blue eyes; excema, cancer of colon and rectum. Mtdna branch is U2e.

Agnes married **Frank Edward BOUDWAY**, son of **John Marshall BOUDWAY** and **Mary E POOLER**, on 12 Oct 1909 in Gardiner, Kennebec, ME. Frank was born on 18 Jan 1885 in Orono, Penobscot, ME and died on 10 Jul 1968 in Gardiner, Kennebec, ME.

Frank and Agnes are buried in St Joseph's Catholic Cemetery in Gardiner. He called her "Aggie".

Frank Edward Boudway registered in WWI. He lived at 41 Northern Ave in Farmingdale, born Jan 18 1885, a shoemaker at Commonwealth Shoe Co, wife Agnes E Boudway, tall height slender build, brown eyes and hair. Other genetic: 5'8" wt 160; balding, cataracts, cancer; back problems, called "the Boudway back" by Marion, carried on in the family.

I have their original oversize certificate of marriage, Frank's name mis-spelled as Bodway, at St Joseph's Catholic Church by Rev P H Reardon; witnesses Glenwood Lake & Margaret Elizabeth Pender.

I also have a book presented to Frank Boudway in 1944, "Commonwealth [Shoe Co] in Battle Dress", telling of the company's contributions of good shoes to the soldiers, and a thank you to the workers who made them. A ribbon in the book says "Frank Boudway \* June 1899" which I believe would be when he started work there. Obituary from July 11, 1968 Kennebec Journal:

Farmingdale – Frank E Boudway, 83, died at a Gardiner nursing home Wednesday following a long illness. He was born in Orono January 18, 1885, the son of John M and Mary Pooler Boudway. He was married to the late Agnes Peterson Boudway.

He was a former member of the Farmingdale Fire Department and Gardiner Lodge of Elks. Prior to his retirement in 1957, he was employed for 53 years at the Commonwealth Shoe and Leather Company.

He is survived by one son, Edward F Boudway of San Diego California; two daughters, Mrs. Dorothy Rankin of Pittston; and Mrs. Marion Rhoades of Farmingdale; eight grandchildren, 14 great-grandchildren, and several nieces, nephews and cousins.

A Requiem high funeral Mass will be sung Friday at 9 AM at St. Joseph's Catholic Church Gardiner. Staples Funeral Home.

Marion said that Frank always worked in the shoeshop, working up to the heeling machine, and retired about age 78 without even a thankyou, and they also called him back to fill-in from time to time. Frank and Agnes picnic-ed on Pleasant Pond, New Mills, Gardiner?. They played polo on roller skates. Agnes sewed all their clothes and dollclothes, and was a very neat housekeeper and a good cook, and made good hermits.

Frank seemed in perfect health into his 80s, when he was attending a high school football game and the bleachers collapsed. At the hospital when they opened him up, they found cancer and promptly closed him back up. He lived at home with Marion at 133 Northern Ave Farmingdale (83 after 911 changes), and his bed was brought downstairs to the living room until Marion just couldn't take care of him anymore and he went into a nursing home. That house was purchased in the early 1930s; previous residence was next door at 131, where Dot Boudway Rankin also lived. Frank's sister Arvilla Boudway Dill lived next door on the other side at 135.

Frank/Gramp used to tell us kids Indian stories and sing the old Indian songs that his ancestors sang around the campfire. Then Nana/Marion would say, "Dad, stop making up those stories, we're not Indian." He was quite a character and over 40 years later, I still really miss him.

Genetic tree: 5'2 1/2"; wt 130-150; brown hair/eyes; asthma, allergies, arthritis, bad back; cataracts. Her son Roland took a 23&Me DNA test which identifies his maternal Mtdna line as U2e, which is therefore also Marion's through Peterson, Gross, Borjesson. Haplogroup U2 arose in the Near East about 45,000 years ago. Today, most of its branches(U2a, U2b, U2c) are concentrated in southern and southwestern Asia, with the exception of one – the U2e haplogroup expanded into Europe about 35,000 years ago with some of the first humans to inhabit the continent.

Marion married **Roland Edison RHOADES**, son of **Roland Eaton RHOADES** and **Grace Emma FLAGG**, on 14 Dec 1929 in Hallowell, Kennebec, ME. Roland was born on 21 Feb 1912 in Pittsfield, Somerset, ME and died on 23 Nov 1997 in Gardiner, Kennebec, ME.

In the spring of 1954 the family, Roland, Marion, dau Lynda and son Roland and family all moved to Phoenix AZ where Ed Boudway said there were jobs. They lasted 3 months before homesickness got them and they moved back to Maine where all their friends and family were. An old photo album says they left Maine April 5 and arrived in Phoenix April 11; they left Phoenix July 22 and got home July 28, 1954. They lived at 3112 E Diamond St. The address on Google Earth in 2012 looks unrecognizable.

Roland and Marion are buried at Maine Avenue Cemetery, Farmingdale ME. Marion's memorial and story is at [www.RolandRhoades.com/nana.htm](http://www.RolandRhoades.com/nana.htm). Roland was a member of the Pipefitters Union, traveling to many places for work. Being a union member, the family has always been strongly Democratic politically. Worked at Bath Iron Works, and helped build the St Lawrence Seaway in NY in the 1950s or 1960s. While at BIW, someone came up to him and said I think I know your sister. He replied, I don't have a sister. This was when he first learned that he did have a half-sister via his father's first marriage, Irma Rhoades Wall Butler. She visited and a group family photo will be on my Rhoades family webpage. His father died when he was less than 2 years old. Roland was named after Thomas Edison because his father had worked with and thought highly of him. Roland was also a member of the Freemasons, though I don't recall him ever mentioning it; The Maine Mason magazine

just kept coming in the mail. He loved to eat and would have spaghetti eating contests with the Boudway side of the family (Butch Nuzzo). He and Marion bought their house at 133 Northern Avenue Farmingdale [83 after 911 change] around 1933 and lived there their whole lives, until Marion sold it in 2003.

I remember that their phone # when I was a kid was simply "768M", a party line that was frequently being used by a neighbor when you wanted to use it.

My grandfather Roland in a 1990 tape said that he went back and forth from his mother's to his grandmother's and Uncle John's homes. Quit school at 14 to work. Lots of different schools. Remembers an Uncle Lent, and an Uncle Eanus who carved stuff, even wooden chains.

Genetic tree: 5'8"; wt 170; brown hair; hazel eyes; balding at 40; angina, heart attack, quadruple bypass 1983, diabetes from failing health; cataracts; Blood AB+. Memory problems at about age 80.

**25. Roland Edward RHOADES III** (*Marion Frances BOUDWAY<sup>4</sup>, Agnes Elizabeth PETERSON<sup>3</sup>, Karl Albert<sup>2</sup>, Henrik<sup>1</sup>*) was born on 5 Jun 1930 in Gardiner, Kennebec, ME.

Roland attended Farmingdale and Gardiner schools, graduating from Gardiner High School in 1947. Served in the US Army Air Corps, in charge of sled dogs in Labrador. He moved to Dover NH in 1955 and East Rochester NH in 1959. He worked at GE in Somersworth NH for 11 years. He was a licensed electrician, carpenter and general contractor, a co-owner of a couple companies. He and Muriel were also owners of Hilltop Recreation Center in Somersworth NH, which he built from the ground up in the 1960s to include a golf driving range, go-karts, baseball and softball batting cages, and "Space Age" miniature golf. That was a major news attraction; each hole had a giant theme, like a flying saucer large enough to walk through, that airplane pilots said they used as a bearing for landing at the Rochester airport. It also had space creatures and planets made from steel, chicken wire and mortar. His children always had summer jobs! He was also an Eagle Boy Scout, Order of the Arrow; Scoutmaster in Gardiner ME and Salmon Falls NH; Cubmaster in East Rochester; and served on the vestry as Jr and Sr Warden of the Episcopal Church in Rochester. He converted their summer camp in Sanford to year-round and moved from East Rochester in 1980. He sold his business and retired to Lakeland FL around 1985 in a retirement park where he has been President of the Shuffleboard Club, with many trophies. He and Muriel have led a very active life in the Florida warmth; it's hard to ever find them home. In January 2011, they sold their home in Lakeland and moved in with daughter Nancy in NH.

DNA test results from 23&me: Y-dna Rhoades line belongs to Haplogroup R1b1b2a1a2d3.

23&me test showed 100% European, broken down as 37.9% British & Irish (includes Scotch/Welsh), 7.5% French & German, 7.1% Scandinavian, and 42.5% "Nonspecific Northern European", and .2% Italian and 3.9% "Non-specific Southern European". Nonspecific means they do not yet have the comparative data to pin it down, but it will eventually increase the Scandinavian and French amounts. This is one reason why they dropped the price to build their database to a million users. The test also showed .1% Ashkenazi Jewish and .8% Non-specific European, and <.1% Native American (that kinda blows a hole in his father's story about his g-

grandmother (Whalen) being an Indian princess!). This test also showed 2.7% Neanderthal dna.

Roland married **Muriel Ruth ROBERTSON**, daughter of **William Lewis ROBERTSON** and **Edith Maude LEAVITT**, on 7 Oct 1950 in Gardiner, Kennebec, ME. Muriel was born on 19 Mar 1929 in Skowhegan, Somerset, ME.

Muriel grew up as a Methodist, but attended Sunday Schools at the Universalist churches in Skowhegan and Gardiner. Moved to Gardiner as a small child, and graduated from Gardiner High School 1947, and Burdett Business College in Lynn MA. Attended Girl Scout Camp at Cobbossee Lake in 1941 according to a letter from her father, and was a Cub Scout Den Mother. Attended Episcopal churches in Gardiner ME, and Dover and Rochester NH.

Genetic Tree: 5'2"; wt 110-130; brown hair; hazel eyes; high blood pressure; back problems/ scoliosis; Blood A+. Memory problems in late 70s, slow progression. No cancer. Had thyroid operated on in her 30s or 40s. Has been diagnosed with clinical depression in her later years.

DNA test results: Haplogroup is H6a1a2a. [My maternal cousins will be the same - Robertson > Leavitt > Stinneford > Trafton > Penney > Gowen > Cole > Spencer 1698.] H6 is one of the oldest branches of haplogroup H. Its age is estimated at around 26,000 years. It is one of the most frequent branches of H found among Arabian lineages, and is the most frequent branch among those found in Central Asia. It likely originated in the Middle East or Central Asia. H6 is also found at very low frequencies in Europe. I have also uploaded my data to the mtDNA Community website for additional analysis.

23&me test shows 100% European, broken down as 57% British & Irish (includes Scotch/Welsh), 12.5% French & German, 3.7% Scandinavian, and 25.7% "Nonspecific Northern European", and .3% "Non-specific Southern European". Nonspecific means they do not yet have the comparative data to pin it down. This is one reason why they dropped the price to build their database to a million users. The test also showed .8% Non-specific European, and <.1% South Asian (India). This test also showed 2.9% Neanderthal dna.
